The Ultimate Mobile Disco

StreetLife Disco is a professional mobile disco with a difference...

Our professional DJ has skills crafted from years of experience in commercial radio, television broadcast and the high end of the mobile disco industry.

Essential to your success is our ability to "cold read" a room, understand a crowd and create a party atmosphere within moments of your guests arriving.

Book with 100% confidence

With Streetlife, your event will be the best it can be.

We're the experts. Together we'll make your night perfect.

We don't settle for second best. Why should you?

Professional Equipment

Our setup is comprised of only professional grade equipment as seen in nightclubs, stadium tours and on TV. No matter what your event, its going to look great and set the right atmosphere every time.

Our amazing lighting system is controlled by state of the art software. Vivid moving head effects are programmed and tuned uniquely to every song played.

Balanced lighting is important, it makes a HUGE difference to your night, which is why we concentrate just as much on how we look as to how we sound... SPECTACULAR!

Our incredible sound system is designed for touring concerts. This means the audio reproduction is clean, crisp and simply the highest quality possible - loud only when it needs to be and always without distortion.

Large or small, the perfect night starts with the right disco; the award winning StreetLife Mobile Disco.
